

# E PARTNERS

## COMPANY OVERVIEW

E-Partners is a leading creator of New Economy business, providing Internet strategy consulting, sophisticated end-to-end solutions, and launch support for Global 1000, as well as start-up companies.

### WHO WE ARE

As chief architects for the Digital Economy, E-Partners assists its clients in carefully defining their Internet strategies. Through intense client communication, E-Partners will design, develop and implement solutions to execute these strategies.

As a diversified software services provider, E-Partners provides onsite, offsite and offshore services to developers and end-users for a wide-range of leading technologies. The corporate offices are located in Princeton, New Jersey, with offices and a development center located in India.

E-Partners strives to attract, develop and retain the most talented team members possible. A company-wide culture that values creativity, growth, teamwork, leadership abilities, a strong work ethic, and customer-centric thinking, E-Partners is committed, motivated and dedicated to meeting the needs of every client.

### OUR SERVICES

E-Partners is a global service provider, offering a wide range of services including competitive e-business strategy development, strategic e-business initiative design, staff augmentation, services outsourcing, personnel training, custom application development, platform migration, joint product development, implementation and customization of third-party applications, third-party testing of applications and software support.

We offer the flexibility of several types of service agreements, including fixed-price, time-bound contracts as well as those that

are based on deployed resources and are billed on a man-month basis.

### OUR GOAL

Our goal is to provide reliable, cost-effective information technology solutions and services through focused and experienced project teams and seamless communication. By thoroughly assessing the feasibility and benefits of onsite, offsite or offshore location, we strive to ensure that projects are completed with optimum utilization and ample resource availability.

### WHY CHOOSE E-PARTNERS?

E-Partners uses proven, reliable and well-established project management methods for projects of all sizes and complexity. From designing and developing complex e-business solutions to customer relationship management applications, E-Partners has an excellent track record of executing even the most complex of projects on time and under budget.

E-Partners is founded, run and supported by leading technology professionals who understand and stay on top of the rapidly changing global technology market.

A global provider of software solutions and services to customers in a broad spectrum of industries, E-Partners has the experience, knowledge and innovative approach needed to give your business the competitive advantage it needs to succeed.

## MISSION STATEMENT

E-Partners, LLC is committed to providing the highest quality technology solutions to each of our clients. We believe that a combination of several factors lend to our ability to provide such high quality service: suitability, flexibility and reliability.

**Suitability:** We thoroughly tailor each effort so that it is uniquely suited to each client and their individual needs.

**Flexibility:** We remain cooperative throughout the entire project process and our services are equally obliging.

**Reliability:** We stand by our promise of reliable service, timely delivery and competitive costs.

Overall, we are dedicated to the idea that teamwork, combined with the right skills and innovative thinking, will ultimately lead to fruitful results. E-Partners strives to be a true partner in the success of each of our clients.
